Why is this study happening?

We want to find out what people know and feel about aphasia.

How will the information be collected?

We are asking you to fill in two questionnaires.

Who will take part?

Anyone who will watch the video can take part if they would like to. You do not have to take part.
Will my answers be private?

Yes. The people carrying out the study will be the only people to see your answers. Your name or anything else about you will be kept private.
